

We are currently without a city clerk. During this transition period, we would appreciate your understanding as city hall will be open only for a few hours each day. Business will continue as usual, with members of the council and the mayor filling in. We are advertising for a replacement for the city clerk position, and applications can be obtained at city hall. If you have questions, please ask the mayor or council persons, or call city hall and leave a message if you need to, and one of us will get back to you.
